

# Clinical Cancer Center Laboratory Testing Updates

**Effective March 26, 2019**

## **ADDITIONAL TESTS PERFORMED IN THE CLINICAL CANCER CENTER LABORATORY**

Effective March 26, 2019, Wisconsin Diagnostic Laboratories (WDL) is expanding the testing menu in the Froedtert Clinical Cancer Center Laboratory. Twelve tests previously performed in the WDL Main Laboratory only, will now also be performed in the Clinical Cancer Center Laboratory.

Expansion of the Clinical Cancer Center testing menu is expected to reduce turnaround times for commonly ordered tests requested by Cancer Center providers.

The following tests will be added to the menu:
