

# CHEMISTRY TESTING UPDATE

**EFFECTIVE JUNE 16, 2020**

## **QuantIFERON-TB GOLD PLUS (QFT-PLUS) TESTING WILL TRANSITION TO A NEW INSTRUMENT SYSTEM**

On June 16, 2020, Wisconsin Diagnostic Laboratories will transition QuantiFERON-TB Gold Plus testing to the Diasorin Liason Instrument System. This transition will allow for greater efficiencies, faster throughput and improved turnaround time for this testing.

### **What IS changing:**

**Specimen labeling:** The Cerner barcoded labels will be specific to the tube collected. Each of the four Cerner labels that print for this test will show a different **container color name**. The container color name on the label **must match** the color of the tube cap it is affixed to.

### **What is NOT changing:**

**Specimen collection:** There are **NO** changes to specimen collection, processing, and transportation.

### **Cerner Barcode Label Container Details:**

Collection Tube	Use Label with Container Name
Gray Top (NIL)	QTB Gray
Green Top (TB1)	QTB Grn
Yellow Top (TB2)	QTB Yel
Purple Top (Mitogen)	QTB Prpl

### **Collection Instructions:**
