

Testing Update

Discontinuation of the Soluble Transferrin Receptor Test

WHO: Froedtert Health System including Froedtert South

WHAT: Wisconsin Diagnostic Laboratories (WDL) will be discontinuing the test Soluble Transferrin Receptor [LAB10691] due the manufacturer's phasing out of the test. The following tests are still available for iron deficiency assessment:

C-reactive Protein [LAB9054]

Ferritin [LAB9068]

Iron [LAB9132]

Transferrin [LAB9206]

Unsaturated Iron Binding Capacity (UIBC) [LAB9269]

Iron Panel [LAB9133]

Includes iron, total iron binding capacity (TIBC), UIBC, and % transferrin saturation

Action item: If you have the Soluble Transferrin Receptor order listed as a favorite or frequent order, please remove it from those lists.

WHEN: 06/25/2025

QUESTIONS: Please contact:

Laura Smy, PhD, Clinical Chemistry and Toxicology Co-Directory, 414-805-6975, lsmy@mcw.edu

Rob Nerenz, PhD, Clinical Chemistry and Toxicology Co-Director, 414-805-7074, rnerenz@mcw.edu

Pearl Albright, Manager, Chemistry, 414.805.7977 palbright@wisconsindiagnostics.com

EPIC SUPPORT:

Any questions or concerns regarding this change can be directed to the Epic help desk at 805-2101. They will direct you to the appropriate person

Thank you in advance for your prompt attention.
