

Coagulation Testing Update

Effective March 22, 2022 von Willebrand Factor Testing Codes

Due to multiple issues with incorrect test names in the provider preference lists, WDL is providing below the Order Mnemonics for all von Willebrand testing performed at WDL and outside reference laboratories.

Please utilize the Order Mnemonic to ensure that the correct testing is being requested when placing orders.

Test Name	Order Mnemonic	CPT
von Willebrand Factor Activity (Ristocetin Cofactor)	LAB3006	85245
von Willebrand Factor Antigen	LAB10761	85246
von Willebrand Factor Disease Panel (vWF Antigen, vWF Activity, FVIII)	LAB10760	85240, 85245, 84246
von Willebrand Factor Multimers	LAB10763	85247
von Willbrand Factor GP1bM Activity	LAB10764	85397
von Willebrand Disease Type 2N Binding	MISC	85246, 85240
von Willbrand Factor Collagen Binding	LAB10762	83520
